

PONNARASI A ARIRAMAR
FULL STACK DEVELOPER

23A 1st ward, kuruvankottai road, Alangulam, Coimbatore, India
ponnarasi636@gmail.com | 6369955482

PROFILE

I am a motivated MERN Stack Developer with hands-on experience building full-stack web applications during my internship. I developed scalable solutions including an Assignment Management System with real-time tracking features. I am passionate about problem-solving and continuously improving my technical skills in React, Node.js, and MongoDB. I bring strong teamwork, adaptability, and a drive to learn and grow in a professional environment.

PROFESSIONAL EXPERIENCE

MERN Stack Intern

eFiloZ IT Service

June 2025 – July 2025

- Developed full-stack web applications using MongoDB, Express.js, React, and Node.js
- Built and tested RESTful APIs for handling user authentication and data management
- Implemented file upload functionality using Multer and integrated it with backend services
- Designed responsive user interfaces using React and improved user experience
- Worked with MongoDB database for storing and retrieving application data
- Collaborated with team members to debug issues and improve application performance
- Gained hands-on experience in real-world project development and deployment basics
